THURSDAY, MARCH 2, 1769.

NAPLES, *October* 25.

ON the 20th of this Month 6000 of our Troops were put in March in order to assemble under the Field-Marshal Tschudi, in the Province of Aquila, on the Confines of the Pope's Territories, from whence they are to pass over to Rieti, and from there again into the County of Ronciglione, while the Troops at Orbitello will take Possession of Castro. It is assured, however, that the Peasants of those Territories have declared, that they will murder every foreign Soldier that shall invade them, and that they will treat them as they formerly did the Spaniards and the Germans, with whose Blood they made their Rivers swell.

LEGHORN, *October* 28. They write from Corsica, that Paoli has retaken the important Post of Furiani from the French.

ROSTINO, *October* 30. Our late Victory over the French has given us great Spirits. Seignor Clementi de Paoli, Brother to our illustrious General, shewed a Conduct equal to his uncommon Fortitude. And the General himself behaved with that masterly Intrepidity which becomes the Commander of a Nation. Courage is not wanting to the Corsicans, nor to their Chief. But what can we do, if oppressed by the whole Power of France? We can hardly think it possible that all the Powers of Europe will stand tamely by, and see us massacred, because we are defending our Liberties.

HAMBURGH, *Nov.* 8. Private Letters from Moldavia say, that the new Grand Visier is already marched at the Head of 80,000 Men, in order to pass the Neister; and that the Grand Signior has sent to know of the King of Poland, why he suffers foreign Troops in his Territories, and whether he intends permitting them to continue there, or drive them out?

CONFINES OF POLAND, *Nov.* 8. According to Advices from Warsaw, Prince Repnin, the Russian Ambassador, has sent off his Baggage for Courland, under a strong Escort, and it is imagined his Excellency himself will withdraw as soon as the Turks shall enter Poland. We know not yet what Steps the King will take, but never was a Prince who sought the Good of his Subjects, more embarassed.

For these Two Days past there have been extraordinary Movements at Court. The King sometimes confers with his own Ministers and the Senators, and at other Times with Prince Repnin. The latter too is perpetually sending away Courier upon Courier to his Court, for Instructions how to act in the present Juncture.

LONDON,

Nov. 1. A Letter from Cadiz, dated Sept. 27, says, "A Girl of Twelve Years of Age, the Daughter of the Sieur de Cepeda, Knight of the Order of Calatrava, and Captain of the Militia of this Town, has astonished us by her Talents and Knowledge in Literature; which she displayed in a public Exercise, some Days since, before a Number of Persons of Rank and Eminence. At Three Meetings, of Three Hours each, she answered with the greatest Clearness and Precision, all the Questions that were put to her on sacred and profane History, Grammar, and the Orthography of the Greek, Latin, French and Spanish Languages, as well as upon Cosmography, Geometry and Astronomy, and fully demonstrated and explained the Five general Charts of the World, the Terrestrial, Celestial, and Armillary Spheres, the Eclipses and Systems of Ptolemy, Tycho-Brahe, and Copernicus: She also gave the most ample Explications in Chronology, and even entered into Details concerning the Climates of different States of Europe, their Productions, Religions, Manners and Customs, the Forces of the different Powers, and the Monies of each Country, &c. concluding with a Specimen of her surprising Knowledge in Heraldry.

Nov. 22. By some late Conversation it is very evident this Country will remain in Peace with all Europe; and that the Measures of Administration will tend to bring about Harmony with our Colonies, upon the Principles of a well regulated Commerce, on which alone (joined with Union and Harmony at home) all our Happiness depends.

They write from Konigsberg, in Germany, that that City and its Environs, are filled with Polish Ladies, and other Refugees, from all Parts of Poland, for Fear of falling into the Hands of some or other of the Parties, that are continually ravaging that Country. These Refugees are so numerous, that it is impossible to find Lodgings for them all in that City, and other Towns thereabout, so that many are obliged to take up with Apartments at the Houses in the Country.

Nov. 24. It is particular, that in the Ship Friendship, Capt. Thompson, for Jamaica, no less than Three Heirs to considerable Estates, are on board, viz. Peter Valette, Esq; Capt. Spencer of the Artillery, and Miss Jenkins. One of these is Heir to about 12,000 l. per Annum.

By Advices lately received from Greenock, in the West of Scotland, we are informed that above 300 Persons have died at that Place of the Small-Pox, in which Number were the Two Clergymen of the said Town.

Nov. 26. A Letter from a French Officer in Corsica, says, "Paoli perluades his Followers, that France has, on the Instances of the Court of England, agreed to send but a small limited Number of Troops hither; so that it will always be easy for him to make Head against them. He has just put under Arrest his Secretary Mattei, the Son of the Chancellor, having discovered, that he held a Correspondence with the Marquis de Chauvelin. The Nation has more Confidence in Paoli than ever; his Soldiers have Sixteen Sols per Day; and many of ours, who have deserted, and joined him, have afterwards come to plunder us. The Marquis de Chauvelin is obliged to grant a Ration of Bread to the Officers, who are in Want of every Thing, and who are forced to march on Foot, and to bear even more Fatigue than the common Soldiers."

Yesterday Mr. Steare, Publisher of the North-Briton Extraordinary, No. 4, was called to the Bar of the Court of King's Bench, in order to receive Sentence; when, after a very learned Speech from the Bench, on the Nature and Tendency of the said Number, he was sentenced to suffer Three Months Imprisonment.

Some Changes in the Ministry are confidently talked of.

We are assured that a thorough Reconciliation has taken Place between the Right Hon. the Earls of Temple and Chatham, and Yesterday the former dined with the latter, at his Seat at Hayes, near Bromley, in Kent.

The Right Hon. Mr. George Grenville, it is said, will soon be appointed Chancellor of the Exchequer.

It has been talked of, that a Bill of Pains and Penalties is preparing, and will be proposed, together with another, to disqualify a certain Patriot, or rather Martyr to Liberty, for ever again holding Place or Honour. This, it is confidently said, is the Mode that is at present intended to be pursued, in case he fails in a certain Point, soon to be determined; but that the Thoughts of an Expulsion are thrown aside.

Nov. 27. We hear that a great Man in the Law has given it as his Opinion, that the Law, constitutionally, does not allow of any Alteration of Records, any more than it did of General Warrants; and that they were both practised only as being customary, but both equally illegal and unconstitutional.

An ingenious French Gentleman, who has lately returned to France, from a Voyage to South-America, on board a Spanish Register-Ship, reports that the Spaniards have lately discovered several of the old Silver Mines, which were worked by the ancient Indians before the Conquest of that extensive Empire, particularly where they call De Los Encomenderos, in the Province of the Lipes, near the famous Mountain of Potosi, very rich of Ore, and promises a lasting Work, above 500 Indians being employed therein.

The Mine of Saltpetre, lately discovered in North-America, it is said, will be opened, and worked on the Government Account, as that essential Article is now become an Object of the utmost Importance to this Kingdom.

A Letter from a Gentleman at Bombay, to his Brother in London, mentions, that on the 13th of January, near Eleven o'Clock in the Morning, a Powder Magazine, within Fifteen Yards of his House, was blown up by the premeditated Malice of one Hart, a Quarter-master Serjeant of Artillery, who, being punished the same Morning for Misbehaviour, took this desperate and diabolical Step to destroy himself, and be revenged on the Public. There were about Thirty-eight Barrels of Powder contained in the Magazine, which, in an Instant, levelled many Houses to the Ground. There were about Thirty killed, and Sixty wounded, among them the Lady of the Writer of the Letter.

Nov. 29. Several important Changes in the Administration are again talked of as speedily to take Place, of which it is said the following are the Chief. The Earl of Chatham to be Secretary of State for the Southern Department. Earl Temple, President of the Council. Marquis of Rockingham, First Lord of the Treasury. Right Hon. Mr. Dowdeswell, Chancellor of the Exchequer. Right Hon. George Grenville, Esq; Secretary of State. Edmund Bourke, Esq; Secretary to the Marquis of Rockingham. And it is said the Earl of Shelburne will be appointed Ambassador to the Court of France.

Dec. 1. We hear that the Right Hon. the Earl of Egmont has been sent for to St. James's, and that he was afterwards desired to attend the Cabinet Council.

The E— of C——m has strongly declared his Disapprobation of any intended Measures to expel Mr. W——s.

We are informed, that immediate Liberty has been again promised lately, and some Douceurs likewise offered, on Condition of stopping all Law Proceedings against a certain great Man; but the Acceptance of them has been declined, on account of the Promise made to the Public; and of the Enquiry very soon to be entered on relative to the Party confined.

The Petition of a popular Member was Yesterday (and not before) delivered into his Majesty's own Hands, by Sir Joseph Mawbey, Bart.

The following is now a frequent Toast among the genuine Sons of Liberty, viz. The Glorious Three; Mr. Bourke, as the greatest Orator on Behalf of Liberty, in the House; Mr. Wilkes, as the greatest Patriot out of the House; and Mr. Serjeant Glynn, as the honestest Lawyer.

Dec. 3. The Venetians, we are told, are taking every necessary Precaution to guard against a Surprize on the Part of the Turks, as it appears from undoubted Authority, there have not been such Preparations for War this Century past, as at present, throughout the Turkish Dominions, which makes the Italian Politicians conjecture there is another Object in View besides their Declaration against the Russians.

It was rumoured this Morning that most of the M——ry are of Opinion, that the People of America should be obliged to submit to the Authority of the Mother Country: That Great-Britain should by no Means embroil herself by assisting Corsica: That no Measures should be taken, or any Influence used to prevent a certain Gentleman taking his Seat.

Some Letters from Leghorn mention that General Paoli had actually informed his Countrymen, that his Expectations of Assistance from Great-Britain were entirely at an End; and it was thought that this Disappointment has been the principal Means of inducing that Chief to listen to the late Propositions of France.

Some Letters from Hamburgh mention, that if Matters should come to Extremities, it is imagined that the Court of Vienna will assist the Russians in the approaching War against the Turks.

The popular Affair that was to be taken into Consideration by an august Assembly, before whom a considerable Number of People were ordered to attend, is postponed to Monday Se'nnight, the 12th Instant, on account of the Indisposition of a material Evidence.

It is now very confidently affirmed, that the popular State-Prisoner will in a few Days receive a Pardon, but not through the Mediation of any Minister.

We are informed that the Friends of Mr. Wilkes have declared to a Number of great Persons, that he desires no Favour to be shewn him, if he does not prove the Truth of every Allegation in a late Petition.

POLITICAL MANOEUVRES.

November 25, 1768.

IN Consequence of repeated Sollicitations on the Part of the Earl of Chatham, a most Cordial, firm, perpetual Union this Day took Place, with his noble Brother-in-Law Earl Temple. It is not doubted that this Friendship will produce the most sollid Advantages to the Public, whose Interests have, since those noble Lords were jointly in Office, been occasionalloy betrayed and neglected. Mr. Grenville has heartily acceded to this Union; so that it may be presumed, there are now the fairest Hopes of seeing this Country rescued from the Storm that for some Years has been gathering with a most threatening Aspect. In like Manner, previous to the late War, when by Ignorance, Folly, and Corruption, the public Affairs were reduced to the most deplorable Situation, this Family, and this Family only, rescued the Kingdom from the Fate that seemed inevitably to await it; and from being the most abject and despicable, it became, in their Hands, the most powerful and respectable Nation upon the Face of the Globe.

Liverpool, Dec. 1. By a Letter from Kirkwall, in Orkney, we have an Account of the Shipwreck of a large Vessel, bound from Virginia for Aberdeen, on the 21st Ult. in the Island of Sundy. The Ship is broke to Pieces, and not so much as one of the Crew, being 10 in Number, saved. Her Cargo, consisting of Tobacco, and Staves, has mostly gone to Sea; and what has been cast ashore, is spoiled with the Salt Water, so as to be of little or no Use.

CHARLES-TOWN (SOUTH-CAROLINA) *Feb.* 7.

It is a Fact, that if the Revenue Acts, for the Repeal whereof this whole Continent have earnestly and unanimously petitioned, be not speedily repealed, the generality of the People of this Province will strictly adhere to several Resolutions they have lately entered into for establishing Oeconomy, encouraging provincial Labour, and keeping more Money in the Colonies; amongst which are the following. 1. Not to purchase, or cause to be purchased, any Goods whatever, imported from G. B. except Hard-Ware: 2. To go heartily to work in manufacturing their own and Negroes Cloathing: 3. To avoid, as much as possible, the Purchase of new Negroes: 4. To give all possible Encouragement to the Importation of such Goods (not prohibited) as are manufactured in others of his Majesty's Colonies: 5. Totally to disuse all kinds of Mourning, &c. These and other Resolutions of like Tendency, to cease whenever the Burthens complained of are removed.

BOSTON, *February* 9.

Last Week a Man from Weston brought to Town, and sold, Six Thousand One Hundred and Forty Coon, or Silk Balls, which he fed from only Three Mulberry Trees.

Extract of a Letter from a Gentleman in London, to his Friend here.

"I thank you for the Particulars concerning your Public Affairs; and wish what has happened since, do not more embroil them. However, I am in Hopes, that in the End, it will turn out to the Advantage of the Colonies. Your Traders before were too forward to run deep in Debt with our Merchants, and thereby involved themselves in great Difficulties. They were too fond of the Fashions and Follies of England, and too negligent of the natural Advantages of their own Country. Trading so much upon Credit, and aping the Extravagancies and Luxuries of the rich and opulent, have already done the Colonies irreparable Damage, sunk their Character, and sapped their Virtue. They will now be obliged (if the present Dispo-

trion hold) to trade more upon their own Stock, to be more attentive to the Rules of Commerce, more punctual in their Payments, and more ready to retrench many superfluous Expences, which only tend to enervate their Minds, waste their Substance, and enfeeble their Bodies.

"Now I hope the great Principles of Religion will meet with less Opposition, and the Virtues of their Ancestors revive with greater Vigor, Light, and Dignity: As I hold your Part of the World to be in Possession of the most valuable, and distinguished Blessings of any Nation under Heaven; a Land of religious, and civil Liberty; a healthy Climate, a Country teeming with Plenty; Sea, Land, and Air, pouring in their inexhaustible Treasures for the Use, Delight, and Happiness of the Inhabitants; and to crown all, Primitive Christianity, unshackled by hierarchical Domination, shedding its benign Influence to light their Path to Glory: So (thus blessed with Divine Favour) nothing can hurt your People, but Ingratitude, and Disobedience, and revolting from his Counsels, who is the great Sovereign of the Universe."——

Virginia, November 15, 1768.

FALLS of PATOWMACK.

For Encouragement to Trade, &c. I propose to let out, at the most reasonable Terms, for a Number of Years, or otherwise, this Place, with all the valuable Improvements hereafter mentioned.

AT the Landing, and along-side of Six Fathom Water, a complete Stone Building, 151 Feet long, 36 wide, and 3½ Stories high.

In this Edifice are contained, 1*st*, A valuable Merchant Mill, with Two Pair of Stones, Bolting Mills and Fan new, well fixed, and constantly supplied with a never failing Stream, sufficient to keep the whole of them going. I can affirm, that this Mill, with the Assistance of Four Men and Two Boys, can manufacture 50,000 Bushels of Wheat annually, into good merchantable Flour.

2*d*, A large Bakery, with Three Ovens; Brakes and other Necessaries compleatly fitted, and a fine Bread-Room above the said Bakery and Ovens.

3*d*, Two large Granaries, 36 Feet by 30, on each Side the Mill, so that Grain cannot be stored more conveniently. Adjoining to these is,

4*th*, A neat retailing Store, with its Shelves, Counter, Drawers, &c. compleatly finished.——Adjacent to the said Store, is a convenient Accounting Room, with a Fire-Place, at the Back of which, is a private lodging Room, with a Fire-Place likewise. From this Room we enter into a Balcony 24 Feet long, with proper Seats fronting the River, which commands variety of curious and entertaining Prospects.

5*th*, The several large Rooms below, for the storing of Salt and *West-India* Goods, with their Cellars, &c. so near the River, that, by the Assistance of a Crane, a Vessel of any Burthen may discharge her Load safe in the Stores in as little Time as can be done in any Port in America; and likewise makes equal Dispatch in Loading, the Granaries being so near the Vessel, and the Fall from the House so great, that, by a Spout from the Windows, the Grain may be conveyed in the most speedy and easy Manner.——The Loft of this Building has no Partition, and therefore, being 151 Feet long, and 36 wide, gives great Plenty of Room to spread Flour to cool, in the Summer, so that nothing is wanting but a Capital to make the Place complete.

Contiguous to the Mills, &c. is a very good Dwelling-House, built with Stone, Two Stories high, 96 Feet long, and 28 wide, with convenient Rooms, Kitchen, Cellars, and Ten Fire-Places thereto belonging, to be let with the said Mills.

I have laid out 53 Lots for a Town here; each Lot containing Half an Acre, including the Tobacco Warehouses; most Part are for Sale on moderate Terms.

I have within those Lots built a Grist Mill, for Country Custom, and a Saw Mill, and will supply Scantling and Plank for building, very cheap.

The River *Patowmack* is so well known, that I need not be particular in describing it; as from its Mouth to the very Falls, it is allowed to be the best Navigation of any River on the Continent.

The Falls are situated 12 Miles above *Alexandria*, and 5 Miles above *George-Town*.——Any Vessel that comes to *Alexandria*, or up to *George-Town*, will find deeper Water above to the said Falls, the Channel being straight, and easily found. The Falls excel any Part of the Colony, for beautiful building Stone, in the greatest Quantity, and the easiest raised. The Soil is excessively rich, and abounds with the finest of Springs convenient to every Part. And,

Above all the Advantages before-mentioned, the Place is noted for one of the finest Fisheries in *Virginia*; the whole Season through, the best of Fish is caught here in great Abundance.

The Falls Landing is Ten measured Miles nearer to *Leesburg*, *Winchester*, and so to the Back Country, than any other whatsoever. Besides, this Landing being so much nearer to the Back Inhabitants, and a fine Road, it receives all the Produce brought down from above the Great Falls, in Battoes, which Business is now become very considerable, and must improve; as *Indian* Corn, Walnut-Plank, and Lumber of all Sorts, will bear the Land Carriage, from the Falls above, to this Place; much more, and better, will Wheat, Pig, and Bar-Iron, and Tobacco. All those Commodities are made in great Plenty on each Side the River, above the Falls; the Lands being very fine, the Produce must be brought to this Spot for Shipping.

For further Encouragement, any Gentleman that might be willing to settle here, and carry on a Trade suitable to the Place, may have the Mills, with all Improvements; and I will oblige myself to furnish him, this present Year, with 5000 Bushels of good merchantable Wheat, 8000 Bushels next Year, and 10,000 Bushels annually after, of my own Produce, for the Terms agreed on. Or, if he, or they, chuse rather to put in a Stock, any Way adequate to the Improvements made by me, I will be at an equal Expence towards the Working, Supporting, and Maintaining the said Business, receiving my Proportion of the Profits; but it is not to be supposed that I could advance any Thing farther, than finding the Mills and all Improvements, without any Rent. The Management and Direction I will give up, and he, or they, may draw his, or their, whole Stock out, when they please; otherwise I will rent the whole, very reasonable, as before-mentioned.

"Here Water falls, and might do more, by Art!
"Majestic Nature shines in ev'ry Part."

Besides the above; at the *Seneca* Falls, which is the Public Landing-Place for all the Iron, and other Commodities, brought down the River *Patowmack*, from above, as the said Landing, the said River being commanded, and brought through a natural Race, where there is a Fall of Ten Feet Water; I have to dispose of, in the same Manner, one of the best Places for Furnace, Forges, Saw, and Grist Mill, that can be found.

The principal Articles to support those Works to Advantage, are Ore, Coals, Timber and Stone; all of which are in the greatest Quantity, of the best Quality, and easiest procured.—The Iron Ore is inexhaustible on the River Side, and belongs to me, I will deliver it on the Furnace Bank at Ten Shillings per Ton, Coal at Twenty Shillings per Load of 144 Bushels.—These Articles are brought down to the Spot by Water in Battoes; and I have 13,000 Acres of Land adjoining to the said Falls above, binding the River Fifteen Miles including several Islands. All those Lands are covered with the best of Timber; and as the Navigation is so easy up to the *Shenandoah* Falls, it is not possible there should ever be a Scarcity of Timber and Ore to support the Scheme.—The Situation is so good that the Furnace, Forges, and Mills, may join to one another, along Side of the said Race, at the Landing; and every Article is conveyed to the Works, from the main River, by this Race, which affords the Fall, as above-mentioned. There being no further Expence attending the Water Part, the Foundation so good, with a natural Race for the Water to run, and building Stone, Timber, &c. so convenient; I can venture to affirm, that one Year's Profit will reimburse the whole Expence and Costs of Building.

Between the Landing at the *Seneca*, and that at the Little Falls (where the Tide goes) is, by Survey, exactly 14 measured Miles. A public Waggon Road is lately opened betwixt them, and is already much frequented.

I have also built, at the *Seneca*, a Smith's Shop, with Two Fires, and a Wheelwright's Shop adjoining, together with several Dwelling-Houses at the same Place; I have likewise got new Battoes suitable for bringing down the Commodities.

The Buildings and Improvements at both Landings, so far as I have done, have actually cost me upwards of Eleven Thousand Pounds; and I have so great an Opinion of the many Advantages arising from those convenient Situations, that I am willing to add a further Stock of One Hundred Working Slaves, seated on 17000 Acres of the most valuable Land on *Patowmack*, joining the said Falls, actually in my Possession, and convenient to support all the said Business. Those several Plantations are well stock'd with Horses, Cattle, and Hogs. Among the said Slaves, are very valuable Tradesmen, such as Forgemen, Coopers, Smiths, and Carpenters. I have several Waggons and Teams, that work upon the Road, between the Two Landings; and shall be ready to put the whole in Stock, provided I get a suitable Partner, who understands Trade and Business; or will rent the Whole, or Part, as we may agree.

Any Person, or Persons, inclinable to increase his, or their Fortune, by taking the Trouble to come and view the Premises, and examine the same, will be satisfied, that I have not advanced any Thing farther than they find agreeable to Truth; and I am confident, that there is no Business, whatever, at this Time, that can afford more certain and larger Profit, from so small an Advance, as the additional Expence required.
JOHN BALLENDINE.

They crossed *Potowmack-River* together, in a Schooner's Boat, to the *Maryland* Shore, where they left her, and have, from that Time kept themselves undiscovered. As *Billie* was some Time last Summer brought from *Carolina*, (to which Place, under the Sanction of a forged Pass, he had travelled as a Freeman) it is more than probable that if he is not now engaged by some Ship-Builders to the Northward, that he will endeavour to get on board of some Craft, bound for *Charles-Town*, or to some Place in *Carolina*, where he expects to be free.
